

WE ARE HIRING!

JOIN OUR TEAM

OPEN POSITION: Control Room Operator

- CCTV Monitoring:
 - Continuously monitor live CCTV footage to identify and respond to suspicious activities, unauthorized access, and security breaches.
 - Utilize advanced surveillance techniques and tools to maintain vigilance over designated areas.
- Incident Management:
 - Respond promptly to alarms and emergency situations, following established protocols.
 - Coordinate with on-ground security personnel and law enforcement agencies during incidents.
 - Document and report incidents accurately and promptly to the Security Manager or Control Room Supervisor.
- Operational Efficiency:
 - Ensure all CCTV equipment is functioning correctly and report any malfunctions or technical issues immediately.
 - Conduct regular checks and maintenance of CCTV systems and related equipment.
 - Stay updated on the latest security threats and technology advancements in surveillance systems.
- Data Management:
 - Maintain detailed logs and records of all monitored activities, incidents, and system checks.
 - Ensure that all recordings are stored securely and in compliance with data protection regulations.
 - Assist in reviewing footage when required for investigations.
- Communication:
 - Maintain effective communication with other control room operators, security personnel, and management.
 - Provide clear and concise reports and updates as necessary.
- Compliance and Best Practices:
 - Adhere to all security protocols, policies, and procedures.
 - Participate in regular training and development sessions to enhance skills and knowledge.
 - Ensure compliance with local, state, and federal laws regarding surveillance and data privacy.
